Terminal Registration

Reader Layer

Registration number:	CNA-221125-RLDP-A1
Registration date	14 March 2023

Vendor name:	Asis Elektronik
Product commercial name:	VAL8
Number of contactless readers	1
Number of contact readers	2
Implementation Conformance Statement (ICS)	221125-RLDP-A1-ICS_v1
Specification reference:	200422-ReaderLayerRequirements_v1 Calypso Specification - Reader Layer Requirements

Dear Mr Güçbilmez,

Calypso Networks Association, hereafter referred to as "CNA", has received from your company, Asis Elektronik, hereafter referred to as the "Vendor", a declaration of compliance with the Reader Layer Requirements for the Product identified in the ICS in reference, hereafter referred to as the "Product".

.

This registration procedure is not a certification but a simple validation by CNA that the Vendor's declaration is consistent.

The ICS signed by the Vendor commits him to his customers on the respect of the requirements to which he declares his Product conforms.

The registration by CNA of the Product is subject to the following terms and conditions as listed here after:

- i) If the Product is changed, the Vendor must notify CNA of this fact in writing. Any change in the registered Product that generates a different behaviour of the Product with respect to the endorsed specifications and the Vendor's ICS, in CNA's sole discretion, will be considered as a modification requiring a new declaration of compliance.
- ii) The Registration granted to the Vendor for the above referenced Product is non-transferable to any other vendor.

CNA has the right to terminate or revoke the Registration should any of the aforementioned terms and conditions not be respected.

Because the CNA's grant is subject to such limitations, including certain events of termination, the Vendor and any third parties should confirm that such Registration is current and has not been terminated by referring to the, up to date, list of registered Products published on the CNA website (www.calypsonet.org).

This letter is effective as a proof of Registration.
